SUPER-BLEND

ACTIVATE YOUR AGILITY

Mobility. Flexibility. Agility. If you've been longing for the quickness and dexterity of yesterday, Active is the solution you've been looking for! Combining the most powerful superfruit antioxidants sourced from around the world, Active is also infused with glucosamine to meet the needs of your active lifestyle.

Our liposomes are double-layered "bubbles" or spheres that surround nutrients, helping them to pass through the harsh environment of the digestive system intact for better absorption and use by the body. The result? Premium quality products designed to maximize results and minimize waste!

Active

BY VASAYO™

FEATURES & BENEFITS

Supports Mobility, Flexibility, & Joint Function: Glucosamine has been proven to support healthy joints and flexibility.*

Contains Significant Source of Polyphenols: The powerful antioxidants in Active counteract the effects of free radicals by supporting the systems within our bodies that increasingly come under attack as we age.*

Promotes Cellular Lifespan: Active was formulated with properties designed to target the root cause of aging, which happens at the cellular level.*

Key Ingredients

- + Glucosamine:** A molecule that occurs naturally within your body, glucosamine's production depletes as we age. It has been shown to be especially effective in supporting inflammatory, bone, and joint concerns.*
- + 10-Superfruit Blend:** The best sources of antioxidants, polyphenols, and phytochemicals, including acai, noni, and mangosteen comprise a power-packed superfruit blend that helps prevent premature aging due to oxidative stress.*
- + Non-GMO Sunflower Lecithin:** Containing significant amounts of phosphatidylcholine (essential to creating a stable liposome) and extracted from sunflowers, this emulsifier helps balance fat levels in the bloodstream, which supports heart health, and contains antioxidants that help support a healthy immune system.*

Active contains no artificial ingredients, colors, flavors, additives, gluten, casein, wheat, dairy, soy, corn, nuts, oats, sugar, lubricants, binders, fillers, SLS, or TiO2.
